5x FILTRATION

Nevon Air comes with a push to fit filter cartridge with a 5 layer filtration system. It can filter off 0.03 micron PM2.5 dust particles along with viruses & bacteria. The active carbon filter absorbs smoke, chemical pollutants & harmful gases.

- 3 x Filter Type - FFP1 | FFP2 | Surgical
- Active Carbon for Chemical Pollution
- Replaceable Push to Fit Cartridge
- Face Mounted Lightweight Design

3 Mode AIR BOOSTER

Such high filtration usually leads to suffocation while pulling in air through the filters but not anymore. Nevon Air is fitted with an air booster fan for air suction through filters and avoid any strain on your lungs. Also it comes with 3 modes of operation as per users activity level. The fan speed can be adjusted by user to vary the air volume as per user comfort.

- 3x Modes - Resting | Normal | Sports
- Manual Air Booster Speed Adjustment
- 8 Hour + Booster Battery Life
- Free Charger with Product
